## Why CentroLease?

Demand for electricity is steadily increasing causing household electricity bills to skyrocket. A homeowner's cost control of electricity is unknown. A solar system allows a homeowner to set a fixed cost and drive savings for years to come. Centrosolar is committed to providing property owners with a simplified solar leasing solution. Our Value Added Integrator's can draw up custom plans to match your toughest roof requirements, resulting in a system tailor-made for your home with zero upfront cost. Centrosolar has best in-class-products setting us apart from mass solar suppliers. Maximize your return on investment and home value with a CentroLease solar system now.

## I Want My CentroLease!

Great! You are one step away from financial control and solar savings. Let us connect you with the most reputable, certified installers in your local area. Once you contact us, you can expect a 24 hour turnaround to schedule you're in home consultation. There is no financial commitment necessary for a solar quote, just peace of mind knowing that you have the power to drastically lower your electricity bills and help save the environment.
